

# Burcot & Clifton Hampden Neighbourhood Plan Short Survey

In 2013 we sought your detailed views on a range of priorities for sustainability and improvement of our villages, which were published in the Village Plan. The next step is to produce a Neighbourhood Plan that will help us deliver our collective vision and enable us to define planning policies that must be taken into account when decisions on planning applications are made.

Having a Neighbourhood Plan will put us in a strong position, enabling us to determine where and what types of development are permissible. A Neighbourhood Plan is community led and agreed by referendum, so it reflects your views.

At the Village Meeting on 16 May this year, strong support was given by attendees for the development of a Neighbourhood Plan to achieve our current objectives, which are to:

- Ensure a sustainable, viable community through maintaining and improving amenities
- Review housing needs to support growth and provide possibilities for younger people and families to buy while allowing older residents to downsize
- Protect and enhance the natural environment
- Reduce the impact of traffic
- Improve the network of footpaths and cycle paths
- Promote the village as a visitor destination

In this short survey we are asking: are the results of the 2013 Village Plan questionnaire still relevant?

You can use this document to complete the survey on your own behalf or on behalf of your household and return it to Clifton Hampden PO and Stores. Or you (and individual members of your household) can access the survey online via <https://www.surveymonkey.co.uk/r/BACH-Neighbourhood-Plan> or on a mobile phone using the QR code below. This link can also be found on the Parish Council website or on its Facebook page.

Please complete the survey (and return it, if on hard copy) by 31st October so that we can process the returns and announce the results at the Consultation sessions on 7th and 10th November 2018.

The survey should take just 7 minutes to complete!

Thank you very much in advance.

**Your views are much appreciated and are vital for informing the Neighbourhood Plan**

I think it is important for the village to have one community centre

I think all options should be explored at this stage

**Any other suggestions (please specify)**

## HOUSING

**7. If we are to maintain or improve our community amenities and not lose them we will need to be able to fund them. To facilitate this most residents said they would like to see some new properties of 1 to 4 bedroom size, (preferably in small developments). This could enable elderly residents to downsize, younger people to remain in the village and new families to move into the village.**

***Please indicate below whether you support a review of housing needs:***

I would support options for new housing being explored

I would not support options for new housing being explored
