110 **Report from County Councillor**

The County Councillor confirmed that the budget had been approved. Among other payments agreed was £30 million to Adult and Children social Care and £3 million for local road safety and accessibility. The Council had also agreed £200,000 for a study into youth services.

The County Councillor confirmed that the Council had voted in favour of taking over the SODC local plan from SODC. It was confirmed that the leader of SODC had asked the Secretary of State for a meeting to discuss the Local Plan.

The County Councillor confirmed that discussions were taking place for a traffic scheme to create a low-carbon emissions hub for Oxford. There would be a £10 fine for polluting cars in the city from 2022. There was some discussion about the green agenda and it was noted that there was a lack of public transport into Oxford from Clifton Hampden. The Councillor said that the fines would be invested in bus services. The money from the Culham Science Centre was awaiting investment and this was an issue for Thames Travel rather than the Council Council.

An issue was raised with two scoping opinions which were released by Highways in the summer. It was noted that only District Councils were listed as consultees, and no Parish Councils were listed.

There was discussion about the proposed site for the quarry. The Parish Council asked why SODC is required to provide the gravel if the only sites available are in the green belt.

It was noted that the handover date for Culham School back to the diocese was 31 March 2020. Discussions are taking place into the future of the building. The Diocese would like to arrange an event to mark the date and this would likely take place at Clifton Hampden.

An update on the expressway was expected shortly. It was noted that this no longer going ahead could have an impact on housing needs.

111	<p>Report from District Councillor</p> <p>The District Councillor noted that the Leader of SODC had written to the Secretary of State to ask for a meeting. This had not yet been arranged.</p> <p>The District Council has declared a climate emergency. There is a 1 year workplace on the climate emergency committee and it was noted that this is 1 year to ensure that the strategy is present throughout the new corporate plan.</p> <p>The District Council has also passed the budget. It was noted that Council Tax would increase as the Council inherited a deficit. There is a 5-year plan to reduce the deficit. There would be a public meeting on 20 February 2020 to vote on the Council Tax.</p> <p>It was noted that the District Council included social housing in the Corporate Plan. The Council aimed to ensure that social housing remained as social housing.</p> <p>The Council had been prosecuting fly tipping and had campaigns to reduce littering. The Parish Council's concerns about vehicles travelling to the Number 1 site with uncovered loads of litter should be raised with the District Councillor, who will contact the Councillor for Waste.</p> <p>It was noted that the team supporting Neighbourhood Plans were available for advice but many services were also offered by the Locality team in central government.</p> <p>An exhibition of the plans for the new council building is available. It was noted that this would be paid for out of capital reserves however the Council hope to be able to recoup the money back in the next 10-20 years.</p>		
112	<p>Correspondence</p>		
113	<p>Any Other Business</p> <p>RH had attended the Liaison meeting at CSC and would attend for a full tour of the site the following week. It was noted that RH will discuss a commitment to supporting the community.</p>	RH	
114	<p>DATE OF NEXT MEETING</p> <p>18 March 2020</p>	AD
